WELCOME

The Indiana Society for Respiratory Care is pleased to invite you to our 32nd Conference. This year's meeting, as in the past, will provide a variety of topics that address the changing Respiratory Care environment.

Located among the beautiful rolling hills of south-central Indiana, Bloomington is minutes from everywhere, but miles from ordinary. Looking for things you can't see or do *anywhere* else? You'll find things in Bloomington that you've never imagined! Many people already know about Bloomington's unique limestone heritage and beautiful scenery, but how about the country's only Tibetan Cultural Center, the state's oldest and largest winery, loads of antiques or a world music festival? You'll find all these things and more among Bloomington's unique attractions! Website: www.visitbloomington.com
